Online Bridge - Course on 'Entrepreneurship Development'

This online course was designed on Google sites platform for third year B.Sc. Home Science students so that they can learn the subject contents remained due to un-forecasted lock-down due to Covid-19 outbreak. This is a bridge course which focuses on development of students' knowledge base to learn the subject in detail afterwards.

The course is designed in Marathi as well as English medium.

The course contents can be easily viewed and accessed on smart phones and computers.

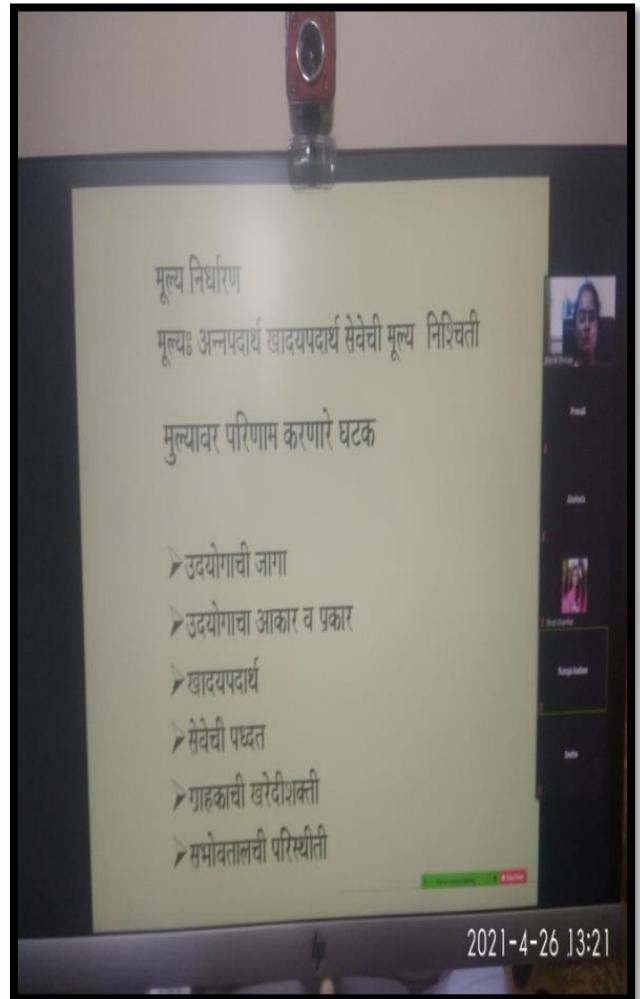

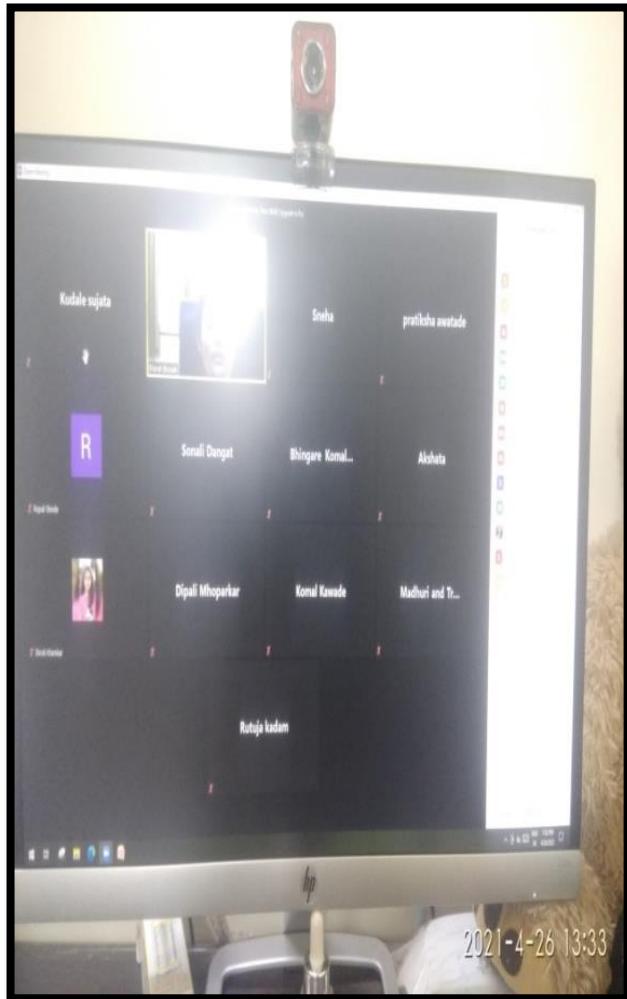

Videos and notes of the subject topics are being provided. Quizzes are set in Google forms which enable easy and effective data analysis.

The screenshot shows a Google Sites page titled 'उयोजकता विकास : Online Bri...'. The page header includes the college logo, name, and motto in Marathi. The main content area features a banner for 'Shreemati. Rainaprabhadevi Mohite-Patil College of Home Science for Women, Akliu' (Affiliated to S. N. D. T. Women's University, Mumbai). Below the banner, there is a section titled 'Introductory Video' with a link to 'Introduction'. The right side of the screen shows the Google Sites editor interface with various tools and a preview pane.

Eco bin activity

Topic : Eco Bin Activity

Expert : Prof. Amit Ghadge

Waste management is the biggest problem for the society. Managing dry waste and wet waste is challenging task for the people. Eco bin is the activity which suggest how to manage this dry and wet waste. Eco bin is environment friendly bin and this will also helpful for separating dry and wet garbage and to create manure from this. Therefore NSS volunteers performed the activity of creating awareness among the people regarding ecobin. They explained the importance of ecobin to the ladies of the village.
