

Institutional Distinctiveness

To abide with our institutional mission i.e. Empowerment of rural women for empowerment of society our only girls institute settled in separate women's campus which is easily accessible located in heart of town .This carefully designed well-furnished infrastructure, equipped laboratories and pleasant greenery in and outdoor campus offers innumerable fearless opportunities and developmentally supportive environment for overall growth and development of women folk.

We have unique academic planning with all the details of predetermined activities verified and approved by our chair-person of CDC committee. In academic planning we include every detail of all co-curricular, extra-curricular, cultural, sports, NSS, exam related activities and class wise need based activities.

We prepare students for better personal and economic life by imparting the knowledge of science and arts through various core departments such as Food Science & Nutrition, Textile Science, Human Development, Resource Management, Extension Education and applied course through departments like Science and English and self-run competency based computer syllabus.

For development of different skills we transit prescribed university syllabus in activities such as workshops, seminars, field activities, internship, entrepreneurship and research projects, exhibition, community reach programme, competitions and various student centric activities such as group discussion, PPT presentations, skits, dramas, assignments, cultural activities, demonstrations, case studies, value education activities etc.

Food Science and Nutrition Department conducts various activities to orient student with need based, age and stage based dietary requirement. Distinct activities of the department are Nutrition week, Breast Feeding Promotion week, Recipe competition, Photography competition, innovative food development and distribution to related community, workshops, seminars, canteen under entrepreneurship development programme for improving subject related competency in students.

Human development department has unique blend of distinct activities such as parent education programme, exhibitions, banks and donations, teaching and development training , competitions , seminars on premarital counseling, goal setting, career counseling, and women issues related activities. Students are given a vision and orientation for prospective child care services and jobs like care center manager and owner for children, women and elderly, camp organizer.

Study of Resource Management helps students to become efficient managers, a conscious and confident customer, develop aesthetic and entrepreneurial expertise. Special activities conducted by department are entrepreneurship development, organizing events and preparing projects.

We have well equipped infrastructure for developing textile related skills and training students for personal grooming and orienting them professionally. workshops and demonstrations on embroidery, Jewelry making, Fabric ornamentation, block printing, tie and dye ,fabric painting, smocking, Community training programme, Temple waste management and natural dye projects are the distinct activities of Textile department.

Transformation of knowledge from classroom to the society is the key aspect in bringing up development of skills in students through extension education subject and activities. Preparing teaching aids such as posters, charts, folders, soft skill development, training for personal and professional life, projects, handling various modern media equipment are the core activities of extension education department.

Allied department of science conduct distinct activities such as Hb Check-up camp, Science day celebration, Wall paper exhibitions, projects on environment safety.
